Q. What inspired you to become a teacher?

I struggled as a child to learn to read and this is why I became a teacher. I wanted to help others develop skills, giving them a strong foundation and a general love for learning.

Q. What do you enjoy doing in your free time?

My favorite way to spend my free time is skiing, hiking, backpacking and playing games with family and friends. I also enjoy making pottery, scrapbooking, bullet journaling, quilting and experimenting with art mediums.

Q. What advice would you give someone who is considering becoming a teacher?

Arts integration is the way to go! It is not only engaging for the students but the teacher too.

Q. Can you share a memorable experience you had with a student that reaffirmed your love for teaching?

My favorite moments are when the kids make connections from one lesson to another and share their understanding with others. I love seeing the moments when it clicks!
